Since Snow White and the Prince had got married, the Seven Dwarfs often went to visit her at the castle.

One day, they got home from working in the mine and found a letter inviting them for dinner. They were delighted as they had found a big diamond that was worth a lot of money and wanted to give it to Snow White as a present. They quickly got clean and put on fresh clothes before setting off.

They started walking through the woods towards the castle when they saw a bird warbling in the trees. Merry was so busy looking for the bird that he didn't see the tree root and tripped over it!

"I have the worst luck," he muttered.

The dwarfs carried on. They were all hungry and thinking about the delicious warm meal that was waiting for them when they noticed a buzzing noise. It was a swarm of bees!

"Quick! Run!" warned Sniffy. All of the dwarfs ran into the water to escape. The bees gave up and flew away. The dwarfs came out of the river looking worse for wear. There was even a worm in Silly's muddy hair!

They arrived at the castle looking very wet and dirty.

"My goodness me!" laughed Snow White when she opened the door.

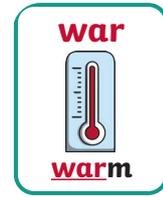

"You could win an award for the messiest dwarfs in the world.

Let's get you in and dried off before dinner," she smiled as they all squelched in after her.
