Ben has a very beautiful garden and has roses growing up his house. He has won first prize for the nicest garden in the town three years in a row! I wonder if he will win again this year?

When he is gardening, Ben wears his gardening gloves to protect his hands and keep them clean. He uses a shovel to dig big holes and a trowel to dig small holes. If he is planting a tree or large bush, he digs a deep hole with the shovel. Once he has put the tree or bush in, he fills in the hole and covers the roots with soil.

Ben likes to discover new plants and try to grow them in his own garden. He reads lots of books about plants and flowers. He has bought some new flowers for the front of the flower bed. They are very beautiful flowers but Ben is worried that the slugs and snails will eat them. He decided to put the plants under a plastic cover to keep them safe until they get bigger.

The spring months are Ben's favourite as the garden starts to grow again and he can see new shoots coming up. Ben's son is also a good gardener. Sometimes, his son comes to help him dig and plant because there is such a lot to do in springtime. Ben has another, smaller shovel for his son to use.

Maybe, if you keep your eyes open when you are out and about, you might just see Ben and his beautiful garden one day!
