

Home Learning – 28.06.24

**Activity 1:** This week, we are using positional language to describe position of objects. Please complete the maths game on Education City.

**Activity 2:** Please see phonics booklet attached.

**Activity 3:** As we approach the end of the year, there is a big focus on letter and number formation.

Have a go at practicing your letter and number formation. You could draw lines in your book.

Remember to say the rhymes as you form your letters and numbers. They are attached separately.
